# INTRODUCTION

People don't change if they are comfortable. Many of us who are in recovery must start our lives over from scratch. This book provides resources to be able to just that. It also provides resources for those who have already been in the recovery process for some time and are now looking to better their lives. We feel that the recovering community is one of the most overlooked consumer marketing resources in the world today.

When you are caught up in your addiction or mental health disorder, you give your money to the bartender, dealer, pawnshop, or legal system. When you start getting your life back on track, you now have money to purchase houses and cars, and you can start putting your money in investment vehicles such as IRA's and 401K's.

This book has resources to be able to find treatment, go to meetings, and find an attorney to represent you. It also has resources that will guide you in where to invest, get loans, and fix up your house to make it the home you always dreamed of before you went down the "other" road. We hope that you find it useful. When we put in the work, the "Promises" do come true.

# TESTIMONIALS

Partners4Recovery helps Genesee County Sobriety Court participants with Drug test vouchers and A.R.M. Classes. Our grants and fundraisers help court participants, advocacy groups and treatment facilities.

Partners4Recovery has been a great help in my recovery. It's amazing to know there are still good people and programs to help people get sober.

**Jolie S.**

Partners4Recovery were such an important and necessary tool in my journey through Sobriety Court. Many times I felt that I couldn't make it through to the end but with the support of the Partners4Recovery team I had the financial and emotional support to carry on.

**Jean B.**

Partners for Recovery has proved to be an excellent resource on my road to recovery from drugs and alcohol, by providing me with vouchers needed for drug and alcohol testing and the A.R. M. program. Their continued support has allowed me to remain engaged in my continued efforts to remain substance free and to become a positive - productive member of society.

**Melvin B.**

This program helps many people like myself that are in specialty courts. Without programs like this many people would fail or go back out because of the stress of financial situations they have put themselves in. They do much more than give financial aid., they will help you with just about anything . We are very blessed to have these types of people reach out and help.

**Thomas F.**

Getting drug test vouchers from Partners was huge in me being able to stay focused on staying sober. Having some of the financial burden taken off me allowed me to go to more meetings and get my life back on track. Thankful there are volunteers to help out like partners helps!

**Jolui**

Glad to have Partners help me with both ARM weekend as well as vouchers for drug tests! Really appreciate the help!

A service of the Genesee Intermediate School District.

Preschool programs  
for Genesee  
County children!

## GREAT START READINESS PROGRAM

Preschool classes for Genesee County children, age 4. Classes are free (income based) and located in schools and childcare centers throughout the county.

## HEAD START

Preschool classes and comprehensive services for children, ages 3-5, who live in the Beecher, Carman-Ainsworth, and Flint school districts. Free (income based) school and home-based services are available.

MUST MEET GUIDELINES

## EARLY HEAD START

Infant/toddler center-based classrooms and comprehensive services for Flint children 6 weeks to 3 years of age. This free (income based) year-round program operates Monday through Friday.

We welcome  
children with  
disabilities or  
cognitive delays.
